CO-WORKING IN STOCKHOLM: Buzzing, creative and energetic co-working spaces have always been a part of Stockholm's scene for startups. But now, an innovative new kind of shared office is emerging in the city.

Here is our selection of co-working spaces in Stockholm:

- THINGS: Stockholm hub and coworkingspace for hardware startups, www.thingstockholm.com
- The Castle: Coworking space for startups next to the Royal Palace in Gamla Stan, www.facebook.com/thecastleshlm
- Epicenter: Stockholms new house of Innovation. A vital part of the Urban Escape block in the business district of Stockholm, epicenterstockholm.com
- Open Lab: Creative center at KTH Technical University open for different disciplines and professions.
- Entrepreneurs Church: Tech co-working space in a former chapel, www.entreprenorskyrk.se
- D82: Tech co-working space in the business district, www.d82.se
- Impact Hub: Tech coworking space, and launch pad for purpose-driven ventures, www.impacthub.se
- SUP46: A hub for startups in the Business district, www.sup46.com
- Knackeriet: Coworking space for web, design and business, www.knackeriet.se
- Coffice: Café and coworking space , coffice.coop
- Café&Co: Café, coworking space and networking, www.cafeco.se
